

# ILKESTON & DISTRICT CHRYSANTHEMUM SOCIETY

## 2011 DAFFODIL SHOW REPORT

### MICK HENSON

The Society held its Annual Daffodil Show on the 23<sup>rd</sup> April at the usual venue – Trowell Garden Centre, this date is a fortnight later than our usual show date. The date was changed for administration reasons, but unfortunately resulted in a considerable decrease in the number of blooms staged.

Most of the exhibitor's who had exhibited blooms at recent shows had no blooms to exhibit, the blooms were casualties of the unusual high temperatures experienced prior to the show day.

Only two of our usual exhibitors had flowers available to exhibit on show day. However the exhibits staged by both of them were of a very high standard, and of course made it possible for the Society to hold the show, without these two we would have had to cancel the show.

The visitors to the show did not seem perturbed by the lack of blooms staged, they seemed to realise the conditions which had been prevailing prior to the show had not been conducive to the culture of exhibition daffodils, however they showed considerable interest in the exhibit staged.
